Bush Roses

35c each; \$3.50 per dozen except as noted.

40c higher established in containers.

Autumn. Medium sized buds and cupped double flowers of burnt orange streaked with red. The plant is a good grower and produces its moderately fragrant flowers freely. 75c each.

Caledonia. Splendidly formed white large, long, pointed conical buds. Single long stems. 50c.

Countess Vandal (Plant patent No. 38). A vigorous grower and profuse bloomer, producing long pointed buds with distinctive shadings of coppery bronze, suffused with gold. The petals on the open flowers reflex with a silvery sheen. \$1.50 each.

Dame Edith Helen. Big full double flowers of glowing pink produced on long stems. Vigorous grower. 50c.

Duchess of Athol. An outstanding new rose of rich copper bronze flushed with orange and old rose, similar to Angele Pernet, but much more intense in coloring. A vigorous plant with bronzy foliage, and excellent stems. 50c.

Edith Nellie Perkins. A robust grower producing sweetly scented flowers and long pointed buds, with the outside of the petals shaded light cerise and the inside delicate salmon pink. 50c.

E. G. Hill. An excellent scarlet rose that does not fade to blue, but turns to a deeper red as it develops. The flowers are quite double, sweetly scented, and are produced on excellent stems.

Etoile de Feu. Large cupped flowers of flaming orange, quite solid and full. Glistening foliage, low grower.

Feu Joseph Looymans. A strong and upright growing rose that is greatly admired because of its pointed buds of tangerine yellow, with a very vivid apricot center and its excellent blooming qualities. 50c.

Gen. McArthur. The buds and open flowers are of the brightest crimson, retaining their color until they drop their petals. Blooms continuously.

Gloria Mundi. A very double baby rose of brilliant orange scarlet.

Golden Emblem. Deep rich golden yellow, the buds being beautifully stained with carmine on the outside of the petals. The buds are well shaped, opening up very full.

Hadley. Color a deep, brilliant, velvety crimson which it retains all the year around. Flowers are borne on stiff upright stems.

Hoosier Beauty. Color a glowing crimson, scarlet with darker shadings. Deliciously fragrant. Buds long and pointed.

Irish Elegance. Single rose, color bronze-orange and scarlet, shaded to apricot.

Isobel. Single long pointed buds. Flame red.

Joanna Hill. A fragrant and free flowering rose with excellent foliage and high pointed buds of delicate golden yellow deepening toward the center to a warm apricot. 50c each.

Kaiserin Augusta Victoria. White faintly suffused lemon-yellow. Flowers are large, very full and beautifully formed, with reflexed outer petals.

Lady Hillingdon. Has long slender pointed buds, of deep golden yellow. Blooms continuously.

L. C. Breslau. Entirely distinct from all other roses in color; the buds are coral-red shaded with chrome-yellow, while the expanded flowers, which are very large, are of a superb shrimp-pink, shaded coppery-orange and chrome-yellow.

Lord Charlemont. Fragrant, beautifully formed high centered crimson flowers. Stems are stout and plant is free in growth and bloom.

Los Angeles. Color a glorious flame-pink, shaded golden yellow. The bud is long and full; plant is strong, vigorous grower. Superb for cutting.

Lulu. Long slender buds of coral-apricot. Very exquisite. 50c.

Margaret McGredy. A magnificent rose of a glorious shade of brilliant orange scarlet. Large quite double flowers. Was awarded the Gold Medal of the National Rose Society. 50c.

1934 ROSE LIST

Mad. Ed. Herriott. Produces a profusion of exquisitely formed and sweetly scented buds of reddish copper and coral tints.

Mrs. E. P. Thom. A very free and vigorous growing pure deep yellow rose with long pointed buds and well shaped flowers. 50c.

Mrs. G. A. Van Rossen. A marvelously beautiful rose of intense orange over-laid on a golden yellow ground pencilled with rich bronze veins. Medium in growth. 50c.

Mrs. J. D. Eisele (Plant patent No. 67). Large, long pointed buds that open into perfect flowers. An excellent keeper when cut, deliciously fragrant. \$1.50 each.

Mrs. Sam McGredy. Distinct in color from anything as yet seen in roses, being a wonderful and beautiful combination of shades of scarlet, coppery-orange and heavily flushed on the outside of petals with Lincoln-red. The effect is rich and dazzling. Large flowers perfectly formed, very freely produced and fragrant. Vigorous in growth and one of the best all purpose varieties. 75c each.

Olympiad. A new rose named in honor of the Tenth Olympiad. Its coloring of oriental scarlet, shading to a bright golden yellow base is overcast with a rich velvety sheen which greatly enhances its beauty. It has long pointed buds, broad petals, long stems and lasts well when cut. 50c.

Padre. Most novel and attractive in coloring, with long petals of a coppery-scarlet, flushed with yellow at the base, produced on long shoots. Strong and upright grower, free flowering.

President Herbert Hoover. An outstanding new rose that combines many shades of pink, flame, scarlet and yellow. The long pointed buds are vividly colored, open slowly and are delightfully fragrant. 50c.

Red Hoover. A beautiful bright red rose that is identical to the parent plant except in color. Delightfully fragrant. \$1.50 each.

Radiance. A lovely light silvery pink with suffusion of a deeper color. Exceedingly vigorous, hardy and disease resistant.

Red Radiance. Big, cerise-red flowers borne on long heavy stems. Similar in growth to Pink Radiance.

Rev. F. Page Roberts. Inner face of the petals is a soft buff yellow, and the reverse is a rich salmon, while the buds are often stained with copper-red. Flowers large and double. Mildew proof foliage.

Rose Marie. A perfectly formed flower, dark rose-pink with beautifully veined petals. Free bloomer with long stems. Does not mildew. An ideal pink garden rose.

Souv. de Claudius Pernet. A definite and lovely sunflower yellow. The plants are of branching habit, with brilliant green foliage and few thorns, and the buds are produced on long, stiff stems.

Talisman. A very vivid and highly colored rose of scarlet and gold. Has straight stiff stems, medium sized cup-shaped buds and is a very heavy bloomer. It was awarded a Gold Medal by American Rose Society. Very popular and destined to become a leader. 50c.

Ulrich Brunner. Flowers of cherry-crimson borne on long stems. Fragrant. Blooms in spring.

Ville de Paris. A clear sunflower yellow rose that does not fade in the hottest sun. Plant, a vigorous erect grower with glossy reddish green foliage. Disease proof.

Climbing Roses

50c each; \$5.00 per dozen except as noted. Bare Root
\$1.25 each in 5 gallon containers

Belle of Portugal. Large flowers of soft shell-pink. Strong climber. Long pointed buds borne singly.

Clg. Black Boy. A rich dark velvety crimson rose that is quite double, very floriferous and has excellent long stems. Fragrant.

Blaze (Plant patent No. 10). Everblooming Paul's Scarlet Climber. A hybrid of our most popular red climber, that is vigorous in growth and is seldom out of bloom. \$2.00 each.

1934 ROSE LIST

Clg. Cecil Brunner. One of the strongest-growing climbers. Color rosy pink, shaded to bright salmon in the center. A perfect little gem.

Cherokee Pink. The flowers are a lovely salmon-rose, with a circle of golden stamens. Single.

Cherokee White. Blooms in great masses of waxy-white single flowers. Foliage bright shining green all year.

Clg. Dame Edith Helen. A climbing sport of this popular variety. Large, full, double flowers of glowing pink that are delightfully fragrant and freely produced. 75c each.

Clg. Golden Emblem. Produces large quantities of highly colored buds of golden yellow, with red shadings.

Clg. Hadley. Brilliant dark crimson, identical with the bush variety. Free flowering.

Clg. Hoosier Beauty. A true sport of this grand rose. Color a glowing crimson-scarlet.

Clg. Kaiserin. White, faintly suffused with lemon yellow. Identical with Kaiserin except in vigorous climbing habit.

Clg. L. C. Breslau. Identical with bush variety. Flowers coral-red shaded with chrome-yellow. Vigorous grower and good bloomer.

Clg. Los Angeles. Identical with the bush variety; of strong climbing habit.

Clg. Mrs. E. P. Thom. The exact duplicate of the bush form considered by most rosarians to be the finest yellow rose grown. \$1.25 each.

Clg. Pres. Hoover. The vigorous growing qualities of the bush rose. The same tones of red, pink, apricot and yellow. \$1.50.

Paul's Scarlet. Vivid scarlet, shaded crimson. Strong climbing habit and hardy. Very showy in spring.

Pink Radiance. A lovely light silvery pink with suffusion of deeper color. Very hardy.

Clg. Rose Marie. A deep pink in tone, long pointed buds and full double petal-blooms. Growth is strong with thick foliage and very long stems. Exceedingly fragrant.

Clg. Souv. de Claudius Pernet. Climbing counterpart of the wonderful bush form. Beautifully formed buds of pure deep yellow. 50c.

Clg. Talisman. Identical with the bush form of this popular variety except it is a splendid climber. Color gold, apricot and pink. \$1.00.

Tree Roses

\$1.50 each in 5 gallon containers.

\$1.00 each bare root.
